

Introducing...

SEAHORSE SASH HORN

...the next level of heritage authenticity

Roseview Windows are delighted to announce the launch of our new **Seahorse sash horn**.

Available exclusively as an option on Ultimate Rose, **Seahorse** offers a new level of heritage authenticity not previously possible on uPVC sash windows.

The classic curved horn is typical of traditional hardwood sash windows from the 19th century. Although purely decorative, it was often used by joiners to demonstrate superior craftsmanship - distinguishing it from the standard straight and truncated horns used on cheaper windows.

Seahorse is available now as an optional extra on Ultimate Rose - only from Roseview Windows.
