

My RESIDENCE *Case Study*

RESIDENCE 7 WINDOWS | ECLECTIC GREY • ECLECTIC GREY

My RESIDENCE

Case Study

This gorgeous modern style home was updated with Residence 7 windows in Eclectic Grey, the only non-timber effect foil finish offered by The Residence Collection. It's the perfect colour choice for matching to aluminium bi-folds, just as they've done with this project, so there is no need to compromise on personal style.

The bold, dark grey with a subtle texture finish gives a great contrast against the pale render giving the exterior some real kerbside appeal oozing contemporary vibes.

The aesthetic is mirrored on the interior - Eclectic Grey was chosen for the internal colour choice too and complements the grey toned decor perfectly.

A decorative glazing bead softens the look slightly, but still gives it that edge.

*Eclectic Grey perfectly matches
the aluminium bi-folds*
