RESIDENCE 9 WINDOWS | ENGLISH OAK ● ENGLISH OAK

# My RESIDENCE *Case Study*

I spent many hours, days, probably months researching different windows and brands online. I came across Residence 9 and immediately asked my preferred fitters if they can source it.

We wanted R9 for its traditional look and feel with out the hassle of real timber - the R9 does exactly that. We loved the timber effect foil on the inside and the very authentic look. We went for the wide French doors so the whole house matches.

We are very happy with our new windows and doors. So much so, after the house was sorted we fitted out one of the out buildings as a gym and didn't hesitate to have R9 in there too.

We definitely feel like we got good value for money, and we have made a massive improvement to the house. It looks the part and much quieter inside - plus more energy efficient so we've gained all round!

We would recommend The Residence Collection to a friend. We're potentially planning a bit of extension work and we will undoubtedly use R9 again for that.
